SRCB SERIES
CHAR-ROCK BROILERS

The Sierra heavy duty SRCB Series, Char-Rock Broilers are designed to provide reliable, solid performance for many years. Self-cleaning, long lasting, natural volcanic char rock is used to give the authentic effect and true flavour of Char Broiling. Innovative design features heavy duty cast iron top grates which are pitched with a cast in grease trough in each blade for fat run off; this minimizes "flareup".

Sierra Broilers have an enlarged cooking depth of 24" to maximize your cooking surface area.

*Stainless steel stand with adjustable legs is optional

STANDARD FEATURES

- All non-ferrous stainless steel construction: interior, exterior, front, sides, landing ledge and valve controls
- Heavy gauge welded front frame
- Individually controlled steel "fluted" burners at 16,000 BTUs each, spaced every 6", designed to provide large cooking coverage or operate only the individual burners needed, while saving energy
- One stainless steel standing pilot for each burner for instant ignition
- Heavy duty reversible and removable cast iron 3" x 22" char-rock grates for easy cleaning
- One side of grate can be used for meat and the other side for fish
- Cast in grease trough allows excess fat to flow, minimizing excessive flair up
- Removable Crumb tray for quick and easy cleaning
- Adjustable design for countertop use
- Features a full 6" landing edge for increased plate stability
- Adjustable stainless steel feet
- The SRCB is shipped from the factory, ready for natural gas installation. An LP conversion kit is included with each unit
